ANUROOP FARKYA

Computer Science Engineer — Flutter Developer

anuroopf02@gmail.com ⬦ 8305048867 ⬦ LinkedIn

OBJECTIVE

A dedicated and skilled Flutter Developer passionate about creating high-quality, responsive mobile applications. Proficient in cross-platform development, collaborating with teams, and implementing innovative solutions to enhance user experiences. Eager to leverage my technical expertise and problem-solving skills in a dynamic, fast-paced environment.

SKILLS

Languages	Dart, C, C++, Java, SQL
Mobile Development	Flutter, GetX, Riverpod, Bloc
Backend	SpringBoot, RESTful APIs, Firebase (Firestore, Analytics, Authentication)
Database	MySQL, MongoDB
Tools	Android Studio, Postman, Git, Figma
Other	Responsive Design, State Management

EXPERIENCE

Software Development Intern   Nov 2023 - Present
BootNext Tech Ventures   *Indore, MP*

- Collaborated with backend developers to develop and integrate APIs and services efficiently.
- Gained hands-on experience in building real-time location tracking features for agent task assignment apps.

Key Skills: Flutter, Dart, Riverpod, REST APIs, Springboot, Swagger

PROJECTS

Whizz: Your Healthcare Companion
A cross-platform healthcare app that predicts illnesses, generates reports, and enables doctor appointments. Qualified for the *Smart India Hackathon* at the college level. Link.
Skills: Flutter, Dart, REST APIs, Machine Learning

Parkyn: Simplified Parking Management
Developed for a Bangalore-based startup to streamline commercial parking with QR code functionality. Eliminated paper slips by generating digital QR codes. Link.
Skills: Flutter, Dart, GetX, WebSockets

NewsPulse: Revolutionizing News Consumption
Built an innovative app with news reel functionality and seamless transitions between reading articles and watching reels. Link.
Skills: Flutter, Dart, Bloc, Firebase, REST APIs

EDUCATION

Medicaps University, B.Tech (CSE)   *2020 – 2024*
CGPA: 8.92

Padamaja Higher Secondary School, Dewas, 12th MPBSE   *2020*
Percentage: 75.8%

LEADERSHIP MENTORSHIP

Android Developer Mentor, Students Technical Innovation Club (STIC)
Conducted workshops on Flutter development, equipping peers with practical skills in mobile app building.
